

Holy of Holies

Take me past the outer courts, into your Holy place
past the brazen altar, Lord I want to see you face,
pass me by the crowds of people, the priests who sing your praise,
I hunger and I thirst for your Righteousness,
and it's only found in one place

Take me into the holy of holies, take me in by the blood of the Lamb
take me into The Holy of Holies,
take the coal, cleanse my lips here I am
take the coal cleanse my lips here I am
